

NOMINEE SHOULD BE INDEPENDENT

Only Way to Unite Forces of Democracy in Second District.

[Special to The Times-Dispatch.]
Norfolk, Va., October 5.—The verdict of the State Central Democratic Committee does not satisfy all factions in Norfolk, and the Young faction is not referred to, either. There is a feeling that there is a "joker" in the decision. The alleged joker is "a nominating convention." The fear is general that the alleged bosses of the Second District will pack and control the convention, and there is to be a feeling that this will be the method adopted to name a Democratic candidate.

It is certain, judging from the talk heard in all quarters to-day, that should either Young or Maynard receive the nomination from the convention that there will be a general bolt. Of this there can be no question. That the up-country counties will not support Young is conceded. That there will be a defection in the event Maynard is nominated on the part of voters in this city, and in the county is equally as certain.

In the opinion of well posted men of the party, the only safe plan to unite the forces of Democracy is for the convention to name a candidate independent of either Young or Maynard, and a man who is not only not aligned with the forces that "he," but who has their respect and confidence. It is declared that none of the candidates named will fill this bill. Who could fill it is a question.

One thing is certain: Should there be any evidence of the ring or Maynard factions controlling the convention, with suspicions of manipulation attached thereto, it means the success of H. H. Rumble, the Republican nominee, at the polls in November.

Scores of men are openly declaring that they will not vote for either Young or Maynard, and going further, in that they declare they will vote for Rumble in the event either is nominated, and that the revolution of feeling is strongest against Maynard.

attached thereto, it means the success of H. H. Rumble, the Republican nominee, at the polls in November.

King Manuel of Portugal and Queen Mother, Who Have Reached Safety

ponent, J. Slat Fasset, made a whirlwind campaign of oratory. The Democrats have many good talkers to send out. Martin Littleton, who followed Roosevelt through the State and he is "some talker" as they say at Tammany Hall.

The Democrats are trying to draw some encouragement from the lessons of the past. Big Democratic leaders are convinced in their own belief that New York State has been eager to go Democratic on the State ticket for some years.

They recall that in 1898, with Roosevelt well back from San Juan Hill, the hero of the hour, as the candidate for Governor, with the McKinley prosperity at high tide, with everything favorable, Roosevelt carried the State by a majority of 17,000. They remember that in 1902 Odell, the most ruthless political manager this State ever knew, running his own campaign, carried the State by 5,800.

They remember that in 1906 the State went Democratic on the entire ticket except the head of it, Hearst, who was defeated by Root's speech at Utica, when in behalf of President Roosevelt he charged Hearst's newspaper with treason with responsibility for McKinley's assassination.

Regarding as Significant. They say that these things indicate the existence in New York State of a great latent Democratic strength, which they expect to come out in this year.

They say that they know that the Republican party in New York State is not steadfast. It was this unstable element in the Republican party of New York that defeated Blaine for the presidency and later defeated Harrison.

This is how the Democrats are arguing among themselves on their chances of victory. Yet they are not blinding themselves with overconfidence. Charles E. Mahony is quite alive to the power of Roosevelt and afraid of it.

Man, Barred in House, Fatally Injured. The body of the late Governor William Mahan was found in the house, after fatally injured.

Early in the afternoon, Deputy Sheriff Hudson went to Summerlin's home to serve a warrant for his arrest. Since then, Mrs. Lillian Jones, 2304 East Broad,

not to come into his yard, and when Hudson started in he was shot down. Sheriff Gordon, hearing the shot, went to the assistance of Hudson. While bending over the prostrate form of the deputy, Gordon was shot down and probably fatally wounded. Summerlin secured the place carried by Deputy Hudson. Barricading himself again, he offered stubborn resistance to arrest.

A large crowd quickly gathered, keeping a safe distance. A guard was thrown around the house and several volleys were poured into it, but Summerlin had already killed himself.

The two wounded officers were hurried to a local hospital, where, after an examination, their condition was pronounced critical.

HOKE SMITH ELECTED

Disaffection in Georgia Democracy Brings Out Full Vote. Atlanta, Ga., October 5.—Hoke Smith was to-day elected to serve a second term as Governor of Georgia. Incomplete returns indicate that Governor Joseph M. Brown, who was defeated for the gubernatorial nomination in the August Democratic primary, and whose name was to-day placed before the voters as an independent Democratic candidate, probably received a majority of votes cast in two of twenty-four counties of the State. All of the regular Democratic nominees for State and county offices were elected, the vote for the Socialist ticket being insignificant.

Three constitutional amendments were apparently adopted. One of them provides that counties may levy taxes in the form of high schools, the others being local in effect.

The disaffection in the Georgia Democracy manifested in the opposition to the regular nominees for Governor to the regular nominees for Governor was the most serious in many years, and resulted in to-day's vote being much larger than that normally polled in a general election.

Thomas E. Watson's home county, McDuffie, went for Smith by a vote of nearly two to one.

VOTE TO ABOLISH HAZING

Students at Cluster Springs Academy Welcome New Men. [Special to The Times-Dispatch.] Cluster Springs, Va., October 5.—The forty-sixth session of Cluster Springs Academy began September 15. The opening enrollment exceeded the total enrollment of last year, and the indications are that the capacity of the school will be taxed to its utmost within the week.

A larger number of old boys are back than usual, and they have been busy with their class and society organizations. The faculty is very enthusiastic over the outlook for the session, as the number of students bids fair to be the largest in the history of the school.

One of the most pleasing incidents of the opening occurred the second night after school opened, when the old boys met and voted to abolish hazing in all of its forms.

The students are displaying unusual interest in the Y. M. C. A. activities. Officers have been elected for the year and Bible classes organized.

Last Saturday evening the faculty and students were tendered a reception by Mr. and Mrs. Hampton Wilson, and a large number of young women from the surrounding towns and country graced the occasion, and made it a most enjoyable feature of the opening days of the year.

Pittsfield, Mass., October 5.—Hampton Institute, the Virginia institution for the education of colored youth, a residuary legatee, will receive \$200,750 from the estate of the late Miss Alice Byington, of Stockbridge, who died about three years ago.

Congressman Frederick H. Gillette, of Springfield, executor of the estate, places the value of the estate at \$351,522, mostly in stocks and bonds.

VERDICT AGAINST SOUTHERN

Former brakeman Gets \$4,500 Damages. [Special to The Times-Dispatch.] Danville, Va., October 5.—In the Corporation Court here this afternoon W. T. Lewis was awarded \$4,500 damages in his suit against the Southern Railway.

Mr. Lewis was formerly a yard brakeman for the Southern Railway here, on during the night time, and in October, 1907, while climbing up a car in the railway yards here, he was struck by a switch stand and knocked down. One of his arms was caught under another car and was crushed. He brought suit for \$15,000, and at the April term of court in 1909 was awarded \$3,000 damages. The attorneys for the Southern Railway appealed from the decision, and in March of this year the Court of Appeals of Virginia handed down a decision granting a new trial.

CHOLERA SCARE ABATES

Reassuring Statements by Federal and State Health Officers. New York, October 5.—The flurry of uneasiness over the possibility of the entrance of cholera at this port was abated to-day with reassuring statements from the State and Federal health officers, and the release of 615 cabin passengers, who had been obtained at Quarantine since Monday night, aboard the steamships Santa Anna and Moltke from Italian ports. The vessels are still being held, however, and the steamer passengers of both, 2,900 in all, probably will be transferred to-morrow to Hoffman Island for observation. On the Moltke, there is merely one "suspicious" case, but on the Santa Anna a cholera victim died at sea, while in addition there are in the steerage two cases of intestinal trouble, requiring treatment. Cleared of their steerage passengers, the vessels will be fumigated.

UPON IT IS REGARDED AS SAFE TO ALLOW THEM TO DOCK.

The steamship Virginia, which completed the trip of cholera suspects, held up last night, received a clean bill of health to-day, and was allowed to proceed from quarantine with all hands, steerage included.

Motorman and Conductor Arrested in Illinois Disaster. Staunton, Ill., October 5.—Coroner N. Morris Karnes, of Carlinville, at his jury to-day viewed the thirty-seven victims of yesterday's Illinois traction wreck, and arranged to proceed with the inquest to-morrow at Carlinville, where all the bodies now lie identified.

Congressman William B. McKinley, president of the Illinois Traction Company, said to-day: "I deeply regret the terrible accident. It was perfectly inadvisable, and I cannot imagine how Motorman Liermann got his orders, as he was one of the most careful men in the employment of the company."

Motorman Liermann and Conductor Leonard, in charge of train No. 14 were arrested this morning, and were held for the coroner's inquest. Eastman was found at his home. Liermann was found in his little sitting room with his wife and children, at crying piteously.

"For God's sake how many were killed," said the motorman, addressing the deputy sheriff, as he was arrested. Liermann offered no resistance when taken into custody.

Conductor Leonard also went with the officers without trouble. He has suffered a severe scalp wound.

Despite the fact that a heavy rain set in all day, large crowds remained around the morgue waiting a chance to view the bodies.
